

THE RESUME THAT OPENS DOORS

turn your MBA into real interviews!

by the pink-haired HR girl, Tammy Silva

Who am I?

MBA USP
ESALQ

Tamyly Silva

Objective

— — —

- Understanding the applicant tracking system (ATS)
- Understanding how to assemble a strategic international resume
- Increasing your chances of interviews at global companies ;)

What is ATS?

- Applicant Tracking System
- Filter by keywords
- It does not understand graphics, icons, or complex formatting - text it is
- "Pretty" layouts can be invisible to the system

Good Practices for ATS

- Use simple layout and without columns / icons
- Well-marked sections: "Professional Experience", "Skills"
- File in .PDF (saved directly from Word or Google Docs)
- Use keywords as they appear in the job posting

Resume

Tips - Easy Apply

— — —

- Customize the summary and file name: Joao_Santos_BlockchainDev.pdf
- Do not send a generic resume

Extra tip: Use LinkedIn to follow the company and the recruiter

Why you need to stand out

— — —

- Using **keywords** from the job posting is strategic
- Does the recruiter spend seconds per resume in the initial screening?
- Easy Apply **is no excuse for a poorly done resume!**

Renan I

Backend Developer

Location: Phone: | Email:
Linkedin: <https://www.linkedin.com/> | Portfolio: <https://gi>

SUMMARY

Backend Developer with 5+ years of experience in Python, SQL, and Heuristics. Gerente de Projetos - Região Sul

Deloitte

Curitiba, PR, Brasil

Salário compatível com o mercado

CLT - Tempo Integral

Presencial

Gerente

Ver outras vagas

Descrição

Você na Deloitte

Você terá a oportunidade de evoluir sua carreira na maior organização de serviços profissionais do mundo atuando **Gerente de Projetos**. Na sua rotina, você irá:

- **Ser Responsável pelo planejamento, execução e monitoramento de projetos de tecnologia**, utilizando metodologias como Agile e Waterfall;
- Atuar na **gestão de cronogramas, recursos (equipe, parceiros e fornecedores)**, garantindo qualidade, prazos e rentabilidade;
- Realizar **análise de riscos, comunicação com stakeholders**, definição e acompanhamento de KPIs, além de manter a **documentação e relacionamento com clientes**;
- Conduzir reuniões, apresentações e validas entregáveis, assegurando alinhamento com metodologias e expectativas.
- Oferecer **suporte no desenvolvimento da equipe** e identificar novas oportunidades de projetos.

Prezamos pelos **In-Person Moments that Matter** (momentos presenciais que **importam**) e, com isso, o modelo de trabalho adotado é o **Digital Workplace**, ou seja, em trabalho híbrido (remoto e presencial) com frequência de idas presenciais adaptadas de acordo com a necessidade da área. No **Tax & Legal**, o time atua 3(três) vezes por semana em formato presencial, sejam nas dependências físicas dos escritórios da Deloitte ou de nossos clientes.

Os líderes da Deloitte vivem o nosso propósito: gerar impactos positivos. Energizam, empoderam, conectam, interagem, reagem e pensam de formas diferentes. Por isso, buscamos pessoas que são inspiradoras, criam ambientes diversos, influenciam uma cultura colaborativa e, com isso, entregam valor. Nossa liderança é peça-chave para o nosso crescimento.

*Acreditamos na força dos talentos que preparamos. Eles transformam de fato, impactam organizações, impulsionam mais talentos e criam oportunidades. Que tal fazer parte da maior organização de serviços profissionais do mundo? **Escolha seu impacto.***

Requisitos

O que precisa para você se candidatar à vaga?

- Experiência comprovada em PMO e gestão de projetos;
- Conhecimentos Técnicos: Metodologias de gerenciamento de projetos (Agile, Waterfall), Ferramentas de gestão (Monday, ServiceNow, Azure DevOps, Trello) e Pacote Office (Excel, PowerPoint);
- Graduação em Administração, Economia, Contabilidade, Engenharia ou áreas correlatas;
- Pós-graduação/MBA em Finanças, Controladoria ou Gestão de Projetos;
- Disponibilidade para atuar de forma presencial ou híbrida nos escritórios/clientes de Curitiba, Porto Alegre ou Joinville.

Professional Summary

— — —

"Project Manager with 8 years of experience in PMO and technology project management. I have worked in Agile and Waterfall environments, using methodologies such as PMBOK, Scrum, and Kanban, and tools such as Monday, ServiceNow, Azure DevOps, Jira, and Power BI to plan, monitor, and deliver strategic projects. I have led multidisciplinary teams of up to 15 people, reduced delivery times by 30%, increased productivity by 25%, and ensured 7-figure savings in operating costs. Solid experience in risk analysis, stakeholder management, and defining KPIs."

- Start with position + years of xp
- Include technical tools
- Show results

Competencies

— — —

Advanced: Project Management, PMO, Scrum, Kanban, PMBOK, MS Project, Jira, Monday, Trello, ServiceNow, Azure DevOps

Intermediate: Advanced Excel, PowerPoint, Power BI, Design Thinking, BPMN
