WHERE ARE WE GOING

With Artificial Intelligence

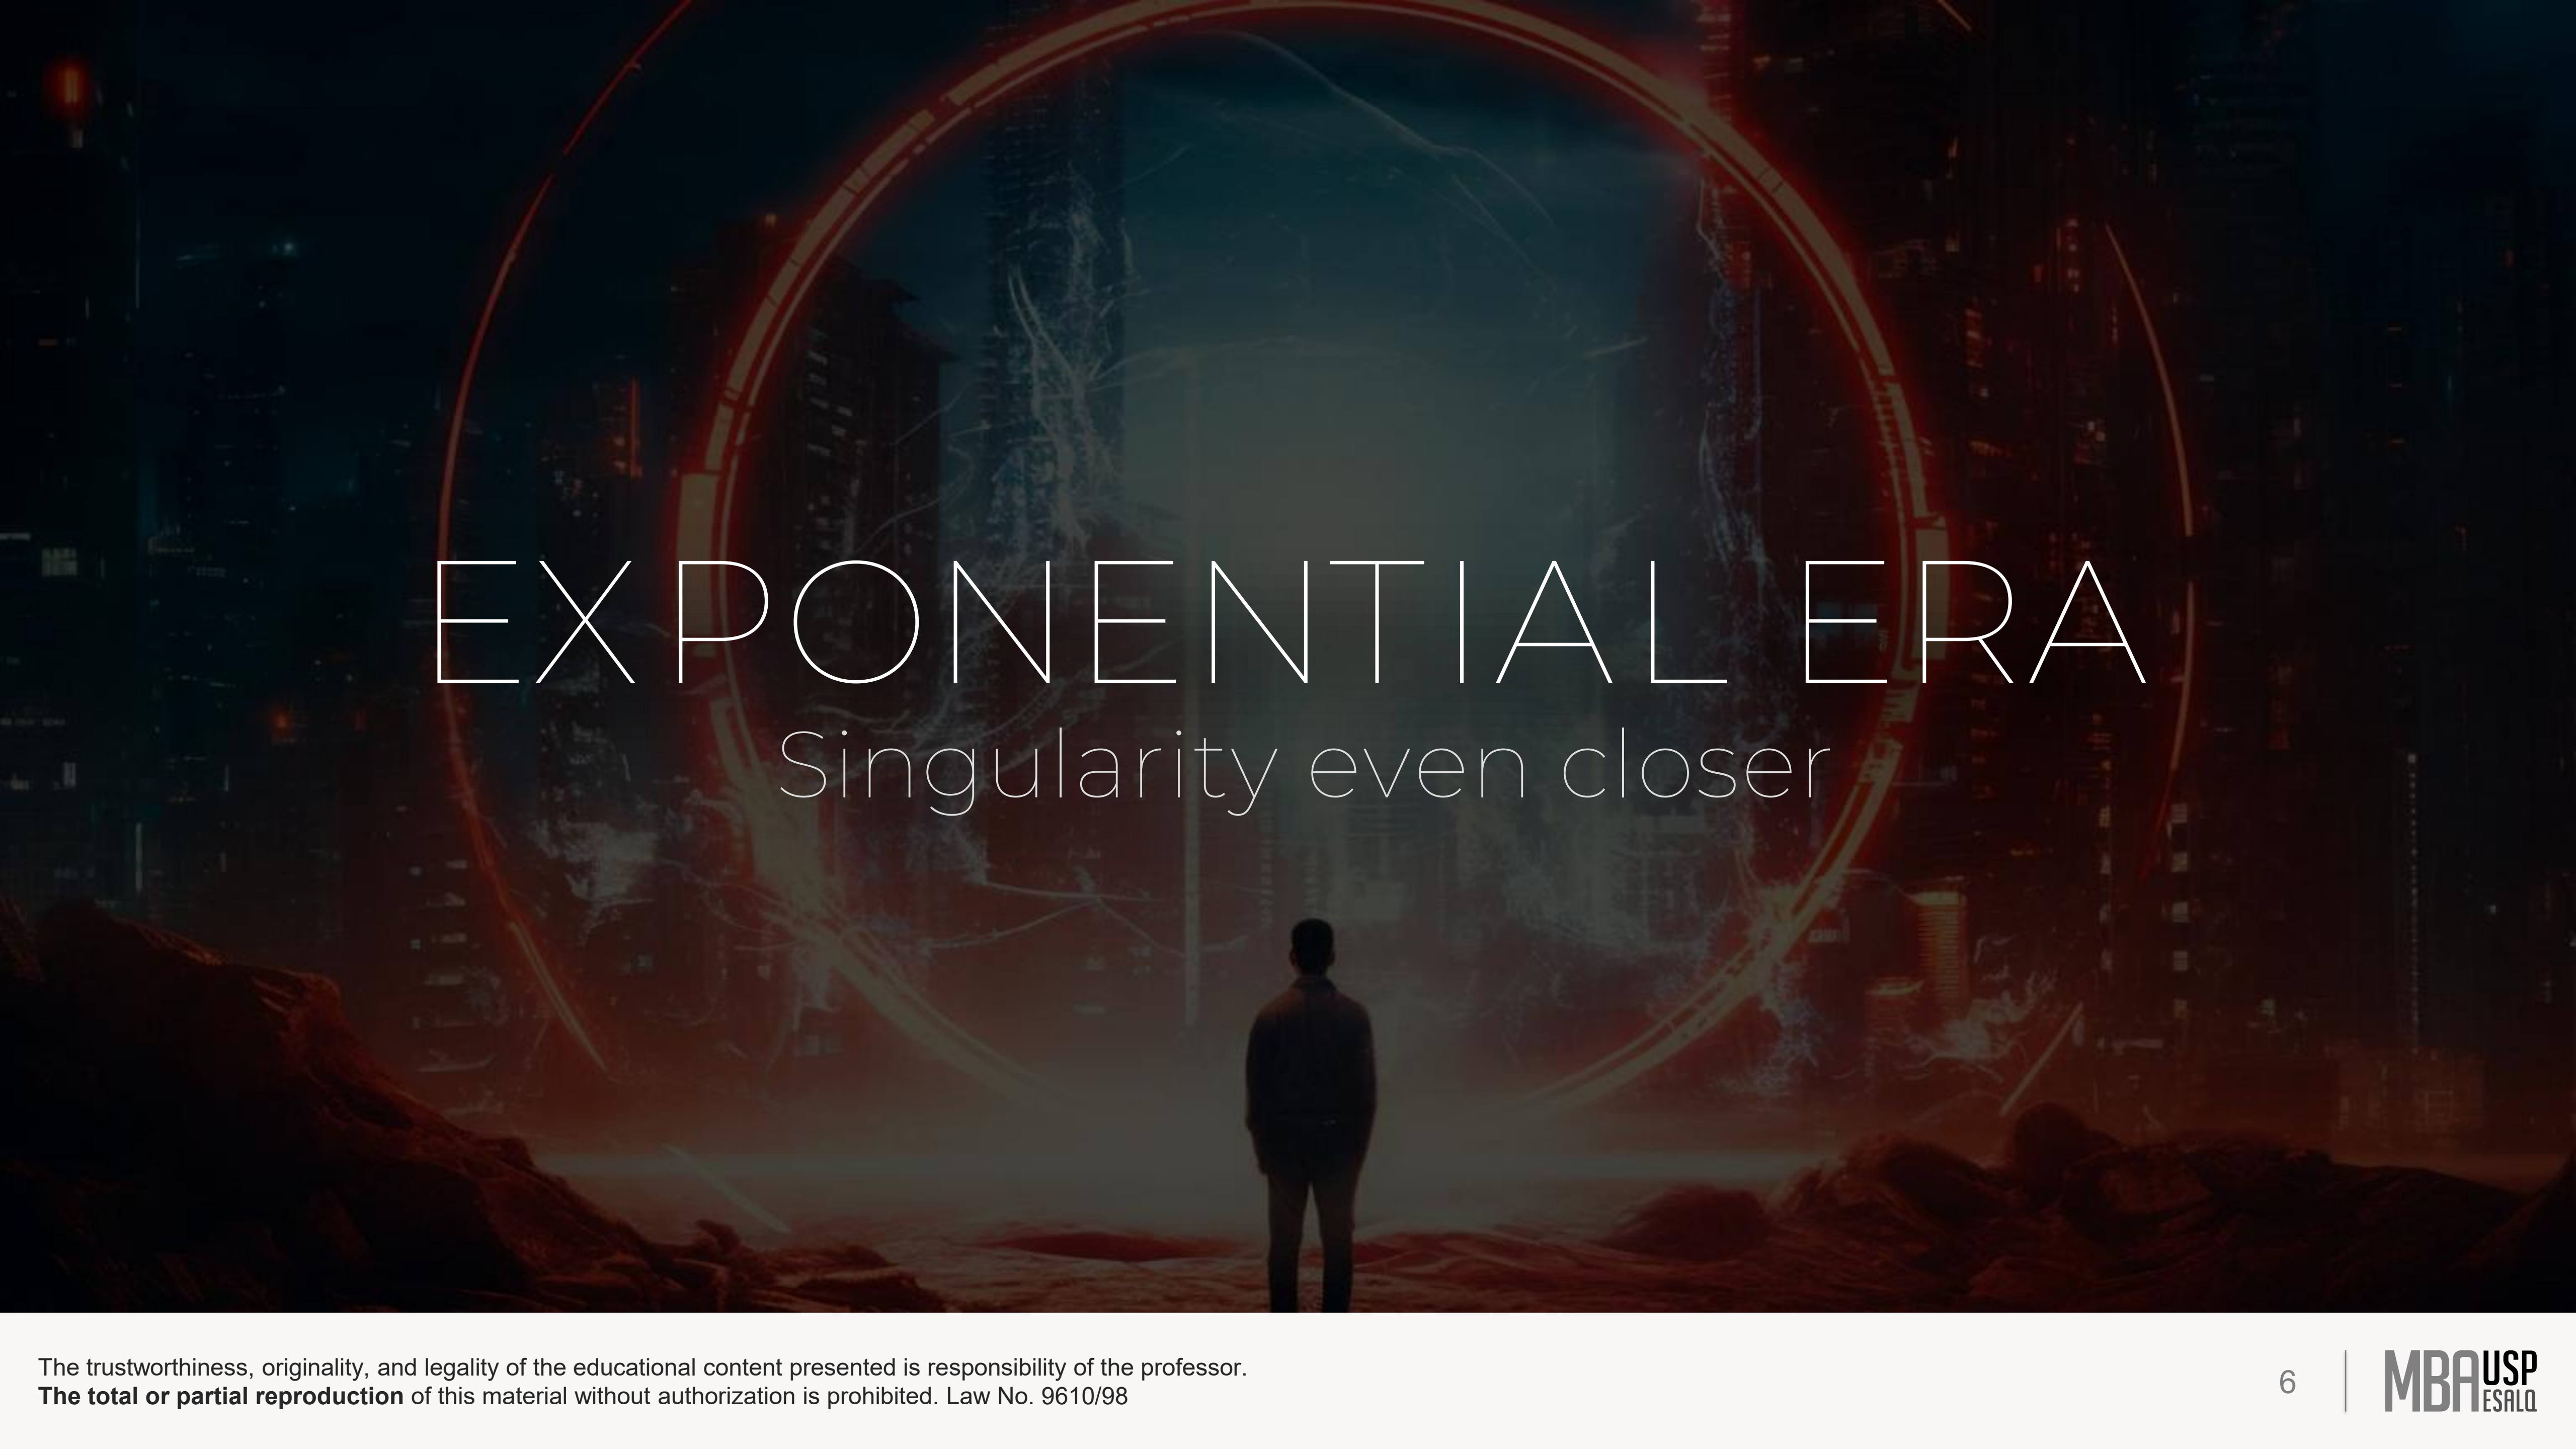

THE T GENERATION

*We are a generation in transition.
Yes, we are part of a great transition. We
are in the midst of a technological
supercycle that will make society very
different from what it is today when this
process ends.*

"The supercycle will change history".

Give me a professional job description for a shopping mall store salesperson, to be used in job advertisements

Mostrar rascunhos ▾

Job Description: Shopping Mall Store Salesperson

Your mission: Delight our customers, offering personalized service and ensuring the best shopping experience!

What you will do:

- Customer service: Greet and serve customers with cordiality and professionalism, answering questions and assisting in product selection.
- Sales: Achieve individual and team sales targets through consultative selling techniques and upselling.
- Store organization: Keep the store organized and clean, ensuring proper product display.

HOW? GEMINI, CHATGPT

Productivity – AI as your and your team's assistant – do it together

Create an agenda for a meeting with franchisees that needs to have as its main objective discipline with the network's operational standards.

Agenda for Franchisee Meeting: Discipline with Network Operational Standards

Main Objective: Ensure that all franchisees are committed to strict adherence to the network's operational standards, ensuring consistency and quality across all units.

1. Meeting Opening (10 min)

- Welcome: Greet all franchisees and thank them for their presence.
- Meeting Objective: Clearly explain the reason for the meeting, focusing on the need to reinforce operational discipline and standard uniformity.
- Agenda: Briefly present the topics to be covered.

2. Relevance of the Discipline in Operational Standards (15 min)

Personalize e controle o Google Chrome. Uma atualização disponível.

Customer: Explain how adherence to standards ensures a uniform and high-quality customer experience across all units. is available . .

- Examples of customer feedback highlighting variations in service, products, or services.
- Brand Protection: Highlight the importance of consistency in brand image and reputation, and how operational standards contribute to this.
- Operational Efficiency: How standardization improves efficiency and reduces operational costs, minimizing errors and waste.

3. Review of Operational Standards (30 min)

- Presentation of Standards: Review the main items of operational standards, focusing on areas with the most deviations.

4. Deviation and Impact Analysis (20 min)

- Identification of Main Deviations: Present a survey of the main deviations identified in audits, visits, or customer feedback.
- Impact of Deviations: Explain the consequences of these deviations, such as customer loss, additional costs, or penalties provided in the franchise agreement.

5. Action Plan for Compliance (25 min)

- Corrective Actions: Present an action plan for correcting deviations, detailing the steps to be followed by each unit.
 - Additional training for teams
 - More frequent audits
- Creation of a support system for operational questions and difficulties.
- Compliance Goals: Establish clear goals and deadlines for all units to be in compliance with operational standards.
- Continuous Monitoring: Explain how follow-up will be conducted and what tools or resources will be used to ensure continuous discipline.

- Compliance Goals: Establish clear goals and deadlines for all units to be in compliance with operational standards.
- Continuous Monitoring: Explain how monitoring will be done and what tools or resources will be used to ensure continuous discipline.

6. Franchisee Participation (20 min)

- Space for Questions and Suggestions: Open for franchisees to ask questions, report difficulties, and share suggestions for improvements in operational standards.
- Commitment to Quality: Encourage franchisees to share examples of how they have maintained discipline and what best practices they have implemented to follow the standards.

7. Next Steps and Closing (10 min)

- Recap of Key Points: Reinforce the main messages of the meeting, especially the commitment to quality and the importance of discipline.
- Action Calendar: Define dates for audits, training, and upcoming follow-up meetings.
