MAKE YOUR BRAND *STAND OUT!!!*

How Chilli Beans became
Brazil's best-selling
sunglasses brand

I've been working in sales for over 10 years.
But in practice, it was never just about selling.

I'm the guy who puts together his own presentation, thinks about how
to tell the idea, and uses LinkedIn as an extension of the
conversation. Because, for me, selling starts long before the
meeting.

I've worked at Cavalera, Reclame AQUI, AllowMe (Serasa), and
TotalPass. Today, at Chilli Beans, I lead the B2B front, connecting
brands with ideas and projects that make sense for the business.

In the end, I just don't believe in selling without context.

B2B COMMERCIAL COORDINATOR @ **CHILLI BEANS**

The logo for 'chilli beans' is displayed in a bold, italicized, sans-serif font. The word 'chilli' is in a light grey color, and 'beans' is in a slightly darker grey. A white outline of a chili pepper is positioned between the two words, with its stem extending from the 'i' in 'chilli' and its body curving around the 'b' in 'beans'. The entire logo is centered within a dark grey rectangular area, which is itself set against a background of dark red, wavy, vein-like patterns with small red dots.
